

## TOP PERFORMER AWARD - OBSERVATIONS > 1000, <5000 OBSERVATIONS & ZERO LIFE THREATS

**WOW!** What more can be said? Beaty Construction exceeded our contractor average of 92 points by at least 3 1/2 points in *every* category measured! They were audited 44 times last year and demonstrated safety excellence despite being a contractor whose scope can include some of the toughest working conditions. Beaty's work with Pepper includes installation of auger cast piling, driven piles, sheet pile, and the design and installation of earth-retaining systems.
